

Technical drawing of a cross-section of a composite material. It shows a layered structure. Label 3 points to a dashed line on the left. Label 10 points to the top layer. Label 13 points to the bottom layer.

Technical drawing of a door profile cross-section. The drawing shows a multi-chambered profile with a top flange, a central locking mechanism, and a bottom flange. Dimensions and callouts are as follows:

- Z4**: Callout for the top flange.
- 12**: Dimension for the height of the central locking mechanism.
- 10**: Dimension for the height of the bottom flange.
- 10**: Dimension for the width of the bottom flange.
- Z4**: Callout for the bottom flange.

Technical drawing of a mechanical assembly in longitudinal section. The drawing shows a central shaft with a bearing housing and various components labeled 4, 12, 13, and Z4. The drawing includes a coordinate system with X and Y axes and a longitudinal axis. Dimensions 1391.5 are indicated on the right side.

Technical drawing of a mechanical assembly in longitudinal section. The drawing shows a central shaft with multiple components, including a central hub and several outer rings or flanges. The assembly is symmetrical about the longitudinal axis. Key features and dimensions are labeled:

- 1391.5**: Dimension indicating the total height of the assembly.
- Longitudinal Axis**: The central axis of the assembly.
- Z4**: Callout indicating a specific feature or surface.
- 4**: Callout indicating a specific feature or surface.
- 12**: Callout indicating a specific feature or surface.
- 13**: Callout indicating a specific feature or surface.
