

[illegible]

Technical drawing of a T-joint. The horizontal pipe has a diameter of 30. The vertical pipe has a diameter of 25. A bolt is shown passing through the joint, with a callout indicating its specifications: 12, 13, and 14.

Technical drawing of a vehicle chassis component, likely a suspension or steering assembly, showing various parts numbered 5 through 19. The drawing includes dimensions: (272.5) for the overall height, (49) for a vertical distance, 40 for a horizontal distance, 975 FROM CAR CENTER, 1010 FROM CAR CENTER, 2385 FROM TOP OF FLOOR, and 15 for a small horizontal distance. A curved dashed line indicates a path or clearance.

NOTE

1. THIS PART SHALL BE ADJUSTED FROM FLOOR TOP.
2. THE GAP FROM STRUCTURE SHALL BE ADJUSTED BY PACKING.
